Trio-Vision, LLC Brings On Proksell As Northeast Regional Manager

(Smyrna, GA) – Trio-Vision, LLC recently tapped Nick Proksell to manage its Northeast Region territory.

Proksell brings to the company expertise in municipal services, in which he has worked for more than seventeen years, most recently with Redzone Robotics, Inc. of Pittsburgh, Pa. There, he served ten years in the capacities of deployment operations manager and project manager. During that time, he oversaw numerous inspection projects throughout North America, involving multi-sensor inspections as well as autonomous robotic surveys.

“I look forward to the opportunity in joining such a talented team and expanding the Trio-Vision/Cobra Technologies brands,” says the newest team member.

Cobra Technologies assets were recently acquired by Trio-Vision, LLC, and their American headquarters remain in Smyrna. Learn more at Cobratec.com.
